

INSPIRE Program

Indian Seniors Pledging Resources and Effort

Launch on 15 February 2015

About NRISA INSPIRE Program

After living a good life in India, Australia, and around the world, many seniors want to devote their resources and efforts to **higher causes**. And there is no higher cause than to serve others; especially those who are less fortunate than us.

The Northern Region Indian Seniors' Association Inc. (NRISA) is launching the **INSPIRE program** to facilitate your participation in such higher causes. All other seniors and citizens are also most welcome to join.

We invite you to **'Give Back'** to the society and **pledge you support**. However, we will ask for the funds for specific project(s) when we are implementing these. You don't have to pay today.

Volunteers will bear the personal cost of travel, accommodation etc. themselves. **Your contribution will be used directly for buying equipment and / or hiring local people** to make the systems work.

Sharda family pledges to be the first volunteers and donates \$2000 in 2015.
