Our Loving Association 'NAMESTE'.

I am exceptionally pleased for the nice welcome, gesture and love in letting ^{me} join Nameste. I have no words to thank for this. There cannot be anything better than to care for the aged.

I am extremely grateful and wish that Nameste progress and live for ever. My humble contribution to this great 'Nameste' is enclosed which I request may be accepted.

With Lot of Love, affections and well being of Nameste and all its associates.

With regards. May God be kind on us.
